## Australian Kodokan Judo Association 2018 National Judo Championships

The Australian Kodokan Judo Association (AKJA) supports and encourages the involvement of participants in 'Juniors, Cadets, Seniors and Masters Age' divisions for contest in both Shiai (full contact judo competition) and Kata (demonstration of forms) tournaments.

Whilst the AKJA Contest Rules are utilised at all AKJA and affiliate member governed Shiai tournaments, some rule modifications have been made by the AKJA to be adapted and utilised at tournaments for Junior age divisions.

All players (parents or guardians where the player is a child) will be required to complete & sign a **Warning, Waiver & Release form** before being allowed to compete in the tournament.

- All Shiai weight/age divisions will be run as round-robin contests divided into pools where required.
- Combined open weight divisions will be conducted at the conclusion of all senior weight/age divisions. Depending on competitor numbers, open weight divisions will be run as round-robin tournaments.
- If there are excessive numbers in each open group, the open tournaments will be conducted as knock out. Participants will be advised which draw type will be utilised prior to the competition. This will be at the discretion of the tournament director on the day.

### ***MODIFIED RULES FOR JUNIOR COMPETITORS:***

The AKJA conducts modified rules for children at tournaments. It has always been the belief of the AKJA, that Judo is a recreation & sporting activity that should be enjoyed by the people participating in it, especially children. The AKJA aims to promote Judo in a safe environment & has for many years, applied modified age/weight groups & rules to the Junior divisions.

#### **The AIM:**

The aim of doing so is to enhance enthusiasm, increase physical activity and encourage the participation of younger players in competition, whilst keeping the activity - fun. The modified rules for the children competing in all groups U13yrs is designed to remove the pressure from the young to just win but at the same time reward players for trying better techniques.

#### **The RULES:**

Instead of awarding a match when one competitor achieves an Ippon score, the idea is to encourage the young players to do more techniques and get a higher number of scores. Sometimes at the younger ages, it doesn't take much for an opponent to fall over in such a manner that an Ippon is awarded, thus ending the bout relatively quickly. Although this is in accordance with the rules and in the spirit of competition, it doesn't serve to teach the young kids much about the sport; meaning that in some cases, it is over before it has really started. Therefore the modified scoring system should give players a better chance to score instead of walking away dejected as sometimes happens. There can only ever be one winner and one loser, but this system is designed to encourage better participation and enjoyment for children.

## Australian Kodokan Judo Association 2018 National Judo Championships

Scoring for players accumulates until either one of the players achieves 2 Ippons (contest is over) or the siren sounds. The contests are continuous time (2 minutes continuous U10 groups & 3 minutes continuous U13 groups) and scores are counted in point form as follows:

<b>Ippon:</b>	<b>10 points</b>
<b>Waza Ari:</b>	<b>7 points</b>
<b>Yuko:</b>	<b>5 points</b>
<b>Yusei-gachi (Decision)</b>	<b>1 point</b>

Working out who the winner is will depend on which player has the higher number of scores. In a round robin tournament where two players have equal wins, then the player with the most points will win on count back.

### **REMEMBER,**

This initiative is about encouraging the younger players to attempt their techniques in an environment which rewards them for doing so but whilst having fun at the same time. This is grass roots Judo and it is designed to promote a better application of techniques by relieving the pressure of “the one Ippon wins the tournament” stress.
